Specifications:

The Par 38 Architectural fixture accepts a variety of lamps from 75 to 250 watts, in either spot or flood beam spreads. The cylinder main body and front cap are formed from 22 gauge and 20 gauge steel, giving it the appearance of a small compact unit. Our new hinge and latch design on the housing provides ease of access for replacement of lamps.

- Standard black finish
- Custom colours available
- Louvers optional
- C-clamp optional
