

## PAR 64 - All weather

### Model # L1400

#### LIGHTWEIGHT ALUMINUM CONSTRUCTION

- Three sided colour gel frame brackets
- Colour frame safety spring
- Ideal for long throw applications
- Handle for safe light direction
- 360 degree rotating lamp housing
- Wide choice of lamps for varying beam requirements
- Colour frame included
- Wire safety screen
- Durable powder paint finish
- C.S.A NRTL/C approved for outdoor application

#### Applications:

- Concerts
- Television Studios
- Architectural
- Event parks
- Nightclubs
- Film productions
- Theatres

#### Specifications:

The unit is a 1000w PAR 64 spotlight, designed to accommodate a wide range of tungsten-halogen lamps. The housing is constructed of 20 gauge and 18 gauge aluminum. The main body and spun rear cap are formed to prevent weather conditions from disrupting electrical operation. Our hinge and latch design give you easy access for replacement of lamps and holds the lamp firmly in place when latched.

- Standard black finish
