Specifications:

This fixture can be customized for your lighting needs. We have three standard lengths, one circuit @ 2 1/2 feet, two circuit @ 4 1/2 feet, three circuit @ 6 feet and four circuit @ 8.25 feet. This fixture is designed to provide an even field of light when the fixtures are hung overhead, mounted on the floor or both. The low profile frame holder is designed to allow cooling air to pass between frame and lamp.

- Standard black finish
- C-clamp optional
- Lamp: MR-16
- Size: 25w, 50w and 75watt

Rating: 120 volt max 10 X 12v, 75watt / circuit
Cable: 3 feet of 3/12ga SEW tails, sheathed per circuit
